

**Name:** Dr. Janet Wong

**Theme:** Understanding Reactions Occurring in Lubricants in Tribological Contacts

**Related Presentation/Publication**

This work has been presented in

- Carlos Garcia, Hugh Spike and Janet Wong, 'In-situ Raman spectroscopic characterization of MoDTC tribofilm', 74th STLE Annual Conference, Nashville TN, USA, 23rd May 2019

- Carlos Garcia, Hugh Spike and Janet Wong, 'In-situ Raman spectroscopic characterization of MoDTC tribofilm formation', ITC Sendai Japan 19th September 2019

One draft is in preparation

- Carlos Garcia, Hugh Spike and Janet Wong, 'Time-resolved Raman investigation of low-friction films formation', in preparation.
